

Terrarium Scavenger Hunt

Thank you for your purchase! This is a basic list of items to add to your fun terrarium. Of course, if you see something else to use, I encourage you to add it, maybe you have sea shells from a trip, found an old snail shell camping one year. Just remember, please be conscientious and careful. I highly recommend that you Follow basic outdoor etiquette: collect items from your own yard, not a park or forest area. Remember that you need to still watch that this isn't an animals home or near plants like poison ivy or stinging nettles. I am not responsible for anything that happens as you or others are looking for things. Be safe and enjoy the outdoors.

- Pinecone
- Small Broken branch/stick
- Rock(s)
- Acorns or acorn tops
- Fallen tree bark
